

CertainTeed
Board & Batten
Vertical Siding

Board & Batten vertical siding recreates the historic charm and rustic cedar look of a centuries-old siding style originally applied to log-built homes, barns and other early American structures.

**THE TRADITIONAL LOOK
OF ALTERNATING WIDE AND
NARROW CEDAR BOARDS**

FEATURES

With Board & Batten, CertainTeed has recreated a siding favored by early settlers to protect and beautify homes and outbuildings. Alternating wide and narrow vertical panels combine in a simple, yet beautiful, design well suited to distinctive architectural styles.

- ◆ Available in two lengths: 12'6" or 10'.
- ◆ Ideal for whole house or accent applications.
- ◆ 6-1/2" board with a 1-1/2" batten creates an 8" wide panel with the widest vinyl board span.
- ◆ Flat face board design results in a straight, even surface.
- ◆ Straight-edged battens for a sharp, carpentered look.
- ◆ TrueTexture™ rough cedar finish molded from real cedar boards.
- ◆ 1/2" batten height.
- ◆ 12'6" panels are 2'6" longer than competitive panels, offering installation and aesthetic advantages.
- ◆ 12 low-gloss colors with a wide variety of coordinating trim.
- ◆ .048" premium thickness.
- ◆ Virtually maintenance free, never needs painting.
- ◆ Class 1(A) fire rating.
- ◆ Lifetime limited warranty.

12'6"

10'

Two Convenient Panel Lengths

A full 2'6" longer than most competitive panels, the 12'6" panel helps reduce seams and transitions on walls up to 12'6".

For traditional-height walls, the extra panel length can be used under windows, on gables, or in other areas requiring shorter panels – or use the 10' length panel.

Wider Panels

With a 6-1/2" board and a 1-1/2" batten, CertainTeed Board & Batten siding is also the industry's widest, providing a realistic natural cedar look.

Color performance, impact resistance and durability are assured through our exclusive PermaColor™ System, a blend of our own Certavin™ resin, superior micro-ingredients and state-of-the-art pigment chemistry.

Sharp Batten Edge

The straight-edged design of the batten creates a finely crafted, real-wood look.

Flat Face, 6-1/2" Board

Certainteed's 6-1/2" board span is the industry's widest, and is designed to have a straight, even face with a flat surface for a true cedar board appearance.

Premium .048" Thickness

Board & Batten panels have a thickness of .048" for the ultimate in strength and durability.

Rough Cedar Finish

Certainteed was the first to utilize a direct transfer system from real cedar boards creating a natural woodgrain texture.

CertainTeed products are designed to work together and complement each other in color and style to give your home a beautiful finished look.
