SAINT-GOBAIN

Highland Slate™: when your home is your castle

AFFORDABLE OLD-WORLD LUXURY

The elegance of a Scottish estate.
The ruggedness of a windswept landscape.
And an enduring value that inspires compliment after compliment.

Highland Slate is performance on or off the rocky bluffs of Scotland. It's natural, affordable protection – from the ancient Highlands to a tree-lined neighborhood.

Like A Rock

Cut to a true craggy profile, Highland Slate has the look, texture and tone of natural slate with a dark shadow line to accentuate its appeal from the curb. Each tab is individually colored by state of the art Precision Color technology to provide a rich, deep, hue and its four-across tab is the ideal design to deliver color, contrast, and perfection when mounted.

A Perfect Storm

Wind, rain, snow, ice – this slate-like shingle performs at its best when the weather is at its worst. Highland Slate is rated where the winds howl – 110 mph – and it carries a full wind-resistance warranty.

Plus, the Impact Resistant version protects against the impact of hail and ice with a shingle that's among the best in the industry.

Suit of Armor

The weave, pattern and fleck of natural slate is in the essence of the character that Highland Slate brings to your roof. With eight premium color blends, Highland Slate is a smooth finish to rugged protection.

Everyday Majesty

Beauty. Value. Protection. And a lifetime limited transferable warranty against manufacturing defects on residential applications. Protect yourself against the elements with the old-world affordable luxury of Highland Slate.

Integrity Roof System™

A systems approach combines high-performance components – underlayments, shingles, accessory products and ventilation – to make the Integrity Roof System a complete roofing solution. When you choose an Integrity Roof System, you gain the advantage of having CertainTeed as your single manufacturing source to stand behind its roof system components.

Hip & Ridge Accessories

Accessory shingles are used to finish the hips and ridges of the roof and are designed to complement the appearance of CertainTeed shingles.

CertainTeed Shingles

High-quality shingles available in a wide variety of styles and colors, covered by the strongest warranty in the business. Flintlastic® roll roofing products are also available for flat roof areas.

Roofers' Select™ or DiamondDeck™

High-performance underlayment provides a protective water-resistant layer over the roof deck and a secondary barrier against leaks.

WinterGuard™

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams in vulnerable areas.

Starter Shingles

Starter shingles are designed to work specifically with each different type of CertainTeed shingle for maximum performance.

tips for selecting a roof

1. Think big – View a full-sized shingle, not just a swatch or sample.
2. Be real – Look at actual houses where the house and roof color combinations are similar to what you're considering.
3. Watch the light – As you look, notice how colors appear under changing light conditions and at various times of day.
4. Consider the pitch – Look for roofs with a similar pitch to your own. A roof's pitch affects the way you see its color.
5. Ask your contractor – They might be able to point you to a home where they've installed a roof of your style and color.

CHECK OUT CERTAINTEED'S COLORVIEW.™

ColorView™ is CertainTeed's interactive tool to help you visualize product style and color options. Using it is easy. Just go to www.certainteed.com/colorview.

We've put green thinking behind our shingle and environmentally sound manufacturing ahead of standard industry practices to produce a product line that is green and growing.

CertainTeed is committed to resource conservation. Our roofing manufacturing facilities recycle close to 90% of the production waste into asphalt materials used for the construction of roads. We also integrate recycled content into many of our packaging needs including corrugated rolls and kraft paper.

They're small steps in a big world. But we're green and growing everyday. It's a commitment we take seriously at CertainTeed.

for the home of a lifetime

CertainTeed building products wrap your home in quality - blending performance, energy efficiency, durability and style.

What's behind our #1 rating?

Builders and remodelers across America know certain things to be true of CertainTeed. For starters, we've been in the roofing business for over 100 years. We have thousands of satisfied homeowners. The process of building that satisfaction begins the moment you turn to us.

CertainTeed offers you the broadest range of color and style choices. But you'll see it's not style over substance. You'll get a roof that's made from the highest quality materials and backed by a strong warranty program. It's our promise to you: quality made certain, satisfaction guaranteed.

Hip and Ridge Accessories

Cedar Crest

Cedar Crest™ hip and ridge accessories feature blended colors and an upgraded medium profile with two full layers of premium materials for a striking dimensional appearance that coordinates with Highland Slate shingles.

Shangle Ridge

For a stylish finishing touch to hips and ridges, choose Shangle Ridge® hip and ridge accessories. Shangle Ridge is designed specifically to complement Highland Slate shingles.
